

EDUCATION

Master of Science in Business Analytics , Rady School of Management University of California, San Diego, CA	12/2026
• Customer & AI Analysis / Scalable Analysis / AI-Math & Programming /Business Analytics and Mkt	
Bachelor of Applied Arts and Sciences Texas State University, San Marcos, TX	12/2024
• Dean’s list: Fall 2023 / Inductee: The National Society of Leadership and Success	

SPECIALIZED SKILLS

- Coding / Languages: Python (Pandas, Polars, Scikit-learn), SQL (Advanced), Japanese, English, Spanish(proficient)
- Cloud & Infrastructure: ETL Pipeline Design, AWS, Snowflake, Spark, HDFS
- Analytics: Hypothesis Testing, Tableau, Google Analytics, SAS

PROJECTS

Capstone Project – Recommendation System , Foodmandu	03/2026 – 06/2026
• Developed an improved food search experience using OpenSearch and built a reusable validation dataset to assess result relevance, support future search quality testing, and guide data-driven improvements	
• Serving as team lead, coordinating team workflows, managing timelines and priorities, and translating stakeholder needs into a clear product roadmap aligned with business and technical goals	
Customer Analytics Project , UCSD	02/2026
• Optimized marketing campaign targeting for 22,500 customers as measured by projected revenue maximization by doing comparative Machine Learning modeling with XGBoost, Random Forest, NN, and Logistic Regression	
• Improved prediction accuracy as measured by real-world response rates by doing hyperparameter tuning, cross-validation, and confusion-matrix-based response calibration	
• Streamlined targeting strategy as measured by projected profit and ROME by doing the construction of ETL pipelines and break-even probability modeling in Pandas and Polars	
Micro-Internship , Tata GenAI powered AI Analysis	02/2026
• Mitigated credit delinquency risk as measured by projected reduction rates by doing Hypothesis Testing and GenAI predictive modeling	
• Developed ethical collection strategies as measured by financial compliance standards by doing GenAI-driven Exploratory Data Analysis (EDA) on high-risk customer segments	

EXPERIENCE

Open-source contributor , Morpheus AI, Remote	01/2024 – 03/2026
• Expanded Japanese developer access to 2 high-level technical frameworks as measured by successful white paper publication by doing domain-specific English-to-Japanese translation	
• Ensured 100% linguistic accuracy as measured by zero post-launch revisions by doing technical alignment with 5+ AI developers to resolve context-specific nuances	
• Organized decentralized AI event with 100+ participants, supporting global community collaboration	
Manager , Nijiya Market, Torrance, CA	12/2024 - 07/2025
• Maintained 100% service quality standards as measured by consistent daily operations by doing task delegation and performance oversight of 20+ employees	
• Improved operational efficiency by identifying workflow bottlenecks, increasing team productivity over a 6-month period	
• Maximized profitability as measured by shelf-space efficiency by doing predictive analysis of sales and order data to optimize product mix	
Manager (part-time) , Starbucks Japan, Kumamoto, JP	05/2019 - 01/2023
• Optimized customer service delivery by ranking #1 out of 1,700+ stores by doing a year-long store-wide service training program	
• Reduced night shift workload by 25% compared to standard operation times by implementing a redesigned task allocation system	
• Accelerated employee onboarding as measured by 2 manager-level promotions by doing On-the-Job Training (OJT) for 20+ staff members	

PROFESSIONAL AFFILIATIONS & LEADERSHIP

Volunteer , Tokyo Olympics and Paralympics, Tokyo, Japan	07/2021 – 08/2021
• Facilitated general manager to organize 100+ volunteers including entire venue announcement translation	
President , Japanese Culture Club, San Marcos, TX	08/2023 - 12/2024
• Founded and grew a 50-member student organization from 0, providing mentorship and leading events to drive engagement	
• Drove student engagement as measured by growing a 0 to 50-member organization by doing mentorship and strategic event leadership
